HR Solution Consulting

CLIENT'S REQUEST

iCOVER provides wholesale background screening solutions to the global market. Their expertise lies in data collection, research and verification of information, analysis, and reporting through their 4 primary services: Identity, Integrity, Reference, and Reputation in order to serve pre-employment screening. They considered Thailand and Vietnam as potential hubs to set up their teams as these locations, and looked for an partner to assist them on this mission.

OUR SOLUTION

We analyzed and provided a benchmark reports on various criteria regarding legal regulations for company establishment and general labor market regulations between these two markets.

RESULTS

- After benchmarking the report, iCover has chosen Vietnam as the location to implement its business plan. The report's insights have also helped them to determine their market entry strategy, utilizing wage hosting services and setting up an entity in the near future to explore and test market receptiveness to its services.

Decowraps

CLIENT'S SECTOR

Packaging/ Flower wrapping papers

CLIENT'S REQUEST

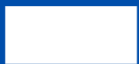

Decowraps, a leading supplier of packaging for fresh-cut flowers and potted plants, seeks to expand its Southeast Asian operations by diversifying its supply chain beyond China.

OUR SOLUTION

- We performed factory audits, including document reviews, personnel assessments, and production line evaluations, to identify potential issues and compliance risks before M&A due diligence.
- We also helped the client find domestic sources for raw materials, production machinery, and semi-finished products, ensuring Decowrap has an optimal supply chain through our consultation on Certificates of Origin (C/O).

RESULTS

- SOA assisted Decowraps in establishing a significantly larger and thoroughly vetted supplier portfolio, which now includes over 50 partners. This expansion provided Decowraps with a stronger foundation for reliable sourcing, potentially enhancing product quality, delivery timelines, and cost efficiency.
- Additionally, we assisted the client to proactively secured Certificates of Origin (C/O) in Vietnam, ensuring compliance while positioning the company to leverage potential advantages associated with goods of Vietnamese origin in their export activities.

Type of project Urgent divestments, pre-deal & deal execution for a Furniture factory in Vietnam

CLIENT'S SECTOR

A large US investment fund needed to take an urgent and strategic decision regarding one of its industrial assets in Vietnam. This asset consists of a modern furniture factory, selling to major European distributor and retailer with a production capacity of 20M USD.

CLIENT'S REQUEST

The client sought our expertise to guide them in making a critical decision regarding their production facility – whether to sell or close – with a strong emphasis on rapid execution. They also requested exclusive mandate for the sale, if pursued.

OUR SOLUTION

- Factory visits for an in-depth audit of the Vietnamese facility
- Comparative analysis of advantages and disadvantages of closing or selling a factory in Vietnam including legal and financial consequences
- Pre-analysis to prepare the seller to go on the market
- As selling has been chosen, identification and introduction of potential buyers
- Follow up on all steps to support owners during negotiation

RESULTS

Our expert pre-analysis and strategic recommendations empowered the client to **achieve a swift and profitable sale, closing the deal in a mere nine months.**

We not only provided a thorough 30-page mission report and asset valuation, but also **actively identified and engaged the most promising buyers.** This resulted in a **100% operational transaction**, ensuring the client realized the full potential of their factory.
